

## Infor Announces Ten Recipients of its Customer Infocus award at Inforum 2006

*Award winners recognized for innovation in application of Infor solutions and achievement of measurable business results*

**LAS VEGAS, NV**– Apr 12, 2006 – – Infor, the largest global enterprise software provider focused on developing solutions for the manufacturing and distribution industries, recently presented its highest honor, the Customer InFocus Award, to ten companies. These deserving businesses were recognized for demonstrating superior results using Infor solutions as they relate to manufacturing in their specific industries .

The awards were presented during a ceremony at Inforum 2006, Infor's global customer conference in Las Vegas, at the Mandalay Bay Convention Center. The ten Customer InFocus Award winners include:

- **Aisin World Corp. of America** , Plymouth, Mich., manufacturer and supplier of automotive drive-train, transmission, electronic, steering, valve and chassis components
- **Binder, GmbH** , Tuttlingen, Germany, the world's leading specialist in temperature chambers for scientific and industrial laboratory applications
- **CZUB**, Uhersky Brod , Czech Republic , manufacturer of small arms for military and sporting use
- **Eberhard Manufacturing Company** , Strongsville, Ohio, manufacturer of industrial, vehicular, military and specialty hardware for trucks, trailers, fire-and- rescue equipment, utility and van bodies, off-road vehicles and construction vehicles
- **Light Corporation** , Grand Haven, Mich., designer and manufacturer of florescent task lights and ambient light fixtures for the office furniture industry
- **Malher** , Guatemala City, Guatemala, manufacturer of food products, including soup and creamy mixes, bouillon, spices, powdered sweetened and non-sweetened instant drinks, refried beans, pickled hot peppers and candies
- **Merit Brass** , Cleveland, Ohio, manufacturer of stainless steel, brass, chrome plated brass and aluminum pipe nipples and master distributor of related fittings, flanges, pipe and valves
- **RAMP Industries, Inc.** , Binghamton, NY, contract electrical manufacturer servicing military, industrial, medical and transportation industries, manufacturing printed circuit assemblies, cables, harnesses and full box builds
- **The Viking Yacht Company** , New Gretna, NJ, manufacturer of luxury custom motor yachts, primarily for sport fishing
- **Zodiac – Avox Systems** , Lancaster, NY, worldwide leader in design manufacturing and maintenance of respiratory, protective equipment for the civil, military and aerospace markets

“Each of these ten manufacturers has established specific, real and significant operational improvements, costs reductions and business performance enhancements using Infor solutions,” said Mike Frichol , vice president of global industry marketing for Infor’s discrete group. “Overall, these manufacturers have demonstrated the ability to reduce inventory, production and delivery lead times, and operating costs dramatically while increasing speed to market, inventory turns and overall customer satisfaction.”
