General Product Information: Low carbon content and painted surfaces allow for mating with stainless steel types A & C stub ends (also available from Merit).

Product Features: Manufactured to ASTM A536 grade 65-45-12 standard. Less expensive than comparable stainless steel alternatives. Galvanized backup flanges are coated to provide additional corrosion resistance.

Some items and sizes may be discontinued when stock is depleted and may require a minimum order quantity. Every precaution has been taken in preparing these list price sheets. Merit Brass Company cannot be held responsible for omissions or typographical errors.
