To Our Valued Customers:

We appreciate the trust you place in our company and remain committed to supporting your business with dependable products and responsive service. As you are likely aware, the evolving U.S. Trade Policy landscape has introduced new challenges and uncertainty throughout global supply chains.

Merit Brass has taken a deliberate approach—closely monitoring developments in federal tariff regulations and conducting a thorough analysis of the specific components affected. This has allowed us to offer stability to our customers for as long as possible, while preparing for changes with greater accuracy and transparency.

As a result, effective **May 19, 2025**, Merit Brass will implement price adjustments on the following product categories due to elevated sourcing costs linked to current trade policy:
