MERIT BRASS

DIRECTING THE FLOW OF *Quality*

March 26, 2025

TO OUR VALUED CUSTOMERS,

We would like to express our sincere gratitude for your continued trust and support of Merit Brass. Your business is truly valued, and we are thankful for the confidence you place in us.

Costs of raw materials and domestic manufacturing have increased significantly. As a result, we will be implementing a 12% price adjustment on our lines of Domestic Lead-Free and Leaded Brass Fittings. In addition, we are introducing a **new** list price sheet for Domestic Brass Nipples - prices for Import Brass Nipples will remain unchanged. The list prices for Domestic Brass Nipples are now set at a 12% premium compared to our Import Brass Nipples offering.

These price adjustments take effect with new orders placed on April 7th, 2025. Please note, **these are list price changes only, and your existing discount multiplier will remain the same. These price increases will go into effect on Monday, April 7th.** Orders placed by the end of business on Friday, April 4th will be honored at current pricing. We do reserve the right to limit order quantities based on past order history.

- **LBRTF425** covers Domestic Brass Lead-Free Fittings EXCEL PDF
- **DBRNL425** covers Domestic Brass Nipples EXCEL PDF

Excel & PDF versions of these list price sheets are available on our website (please click above). Given the ever-evolving nature of market conditions, we will continue to monitor these developments closely and make further adjustments as necessary. Rest assured, our commitment to providing high-quality products and exceptional customer service remains unwavering, and we appreciate your understanding as we navigate these challenges together.

Please reach out to your Merit Brass representative should you have any related questions or concerns.

Sincerely,

Merit Brass Company
